

# Training and Using Undergraduate Learning Assistants in Math Courses

## Friday, April 18 at 3pm ET

In this interactive webinar, experts from varying institution types, including research focused and community college, share how they train and use undergraduate learning assistants in their mathematics courses to support student learning. A current learning assistant will share their perspective on what the job entails and offers them. There will be time for questions and discussion after short presentations.

### Panelists:

**Gabbi Puk**  
University of Nebraska at Omaha

**Nicole Infante**  
University of Nebraska at Omaha

**Mitra Hosseini**  
Salt Lake Community College

**Josh Brummer**  
University of Nebraska at Lincoln
